PCF Ministry ~ Family Life Review ~ Assessment

The apostle Paul urges the church "speaking the truth in love, we will in all things grow up into him who is the Head, that is, Christ." (Ephesians 4:15).

This assessment instrument has been created to help our church identify and build on current ministry strengths and identify areas for growth. Speaking the truth in love is essential for a healthy fellowship and this survey is designed to give each of us an opportunity to express ourselves and give sincere and loving encouragement and feedback

- If you are a member or a regular attendee of PCF you are encouraged to evaluate your walk with Jesus as well as your position within the Body.
- Please take this seriously as an opportunity to have a voice in the Body of Christ. Your voice is important to the health of our church family.
- Prayerfully consider each item before responding. Talk with your Heavenly Father about your response and listen to the voice of the Holy Spirit.
- Each person should complete and sign their survey individually. Assessments demand integrity, accountability and follow-up. We want to ensure that every voice is heard, as well, we may feel a need to engage in further dialogue regarding responses.

A summary report will be prepared and shared with the church family at an upcoming congregational meeting in the fall of 2011.

God's Word is very clear that as the Body of Christ we are directed to support and encourage each other within our church family.

Let us hold unswervingly to the hope we profess, for he who promised is faithful. And let us consider how we may spur one another on toward love and good deeds. Let us not give up meeting together, as some are in the habit of doing, but let us encourage one another—and all the more as you see the Day approaching.

Hebrews 10:23-25

May God grant His wisdom and grace to each of us as we seek Him with all our hearts.

Please submit your completed assessment no later than **Sunday, June 25, 2011**
(deadline extended)

Please comment on your replies as often as possible and use the back page for any added feedback.
